Dear Customer:

It has been brought to the attention of the J. Morita Group that companies in China and elsewhere in the world have attempted to copy the functionality and likeness of our famed Root ZX Apex Locator.

Some of these products look very similar to our unit and are also named in a similar fashion. One such unit manufactured in China is even named "Root ZX." The J. Morita Group has taken steps to stop these copycat products. Please note - only products by J. MORITA MFG. CORP. are the genuine products of the J. Morita Group. Look for the J. MORITA MFG. CORP. stamp of authenticity on any unit you intend to purchase.

The J. Morita Group has no affiliation with any other company claiming to sell a Root ZX Apex Locator and takes no responsibility for those products in terms of warranty, safety, 510(k) clearance, etc. Please contact J. Morita USA at 888-JMORITA (566-7482) or an authorized dealer in your area to be certain you are purchasing an authentic product.

Thank you for your support and attention to this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Keisuke Mori".
