**MARK3**<sup>TM</sup>  
THE SMART ALTERNATIVE

Premium Products at an Affordable Price

## The MARK3™ Brand

For years suppliers and dentists have faced the challenge of finding high-quality, affordable dental products. Name-brand manufacturers have become exclusive and the cost of their products have increased every year regardless of the income of dental practices.

As a result, the MARK3 line was developed. The MARK3 brand delivers premium products at affordable prices. MARK3 offers a significant discount from expensive name-brand products and has a wide range of supplies from impression materials to prophylaxis angles. MARK3 offers solutions to meet the needs of common dental procedures while we continue to add new products to our line.

We have many product options that can help you achieve greater patient satisfaction, enhance productivity and increase revenue for your practice. By offering alternative premium products, we have assisted dealers in converting their doctors from expensive name brands to affordable MARK3 products.

Dentists around the world now have the choice to use premium, reasonably priced products in their practice.

We thank you for becoming a part of the MARK3 family.

# INTRODUCING...

## All Natural Dietary Supplement CBD Oil Full Spectrum

MARK3 Full Spectrum Cannabidiol (CBD) Oil is a premium, high grade extract taken from the whole hemp plant which contains an array of naturally occurring cannabinoids, as well as essential vitamins, fiber, flavonoids, terpenes and more. Our CBD tincture is derived from organically grown, non-GMO hemp in Oregon.

Full Spectrum CBD Oil is well known for its many health benefits, including reduction in inflammation, aiding with sleep issues and combating anxiety. We utilize organic MCT oil as the cannabinoid carrier, which also provides numerous health benefits and is a source of energy boosting fatty acids. MARK3 strives to bring you the best quality CBD Oil on the market which is why each batch is 3rd party lab tested for potency, purity, and for pesticides. CBD is considered to be a non-psychoactive cannabinoid so it will not give you the high the way that marijuana (THC) does.

#9040 .5 oz. (15 mL)  
500 mg Bottle and Dropper

#9045 1 oz. (30 mL)  
1000 mg Bottle and Dropper

### WHAT DOES "FULL SPECTRUM" MEAN?

Full Spectrum Oil contains all of the active Cannabinoids found in the hemp plant, providing you with the maximum therapeutic benefits.

Small independent studies have uncovered the following health benefits:

- CBD** Anti-inflammatory, anti-anxiety, anti-nausea, helps with sleep. reduces seizures, reduces blood sugar levels, suppresses muscle spasms, tranquilizing
- CBDa** Reduces inflammation, inhibits cancer cell growth
- CBN** Improves sleep, reduces anxiety, promotes strong bones
- CBG** Aids Sleep, Inhibits cancer cell growth, promotes bone growth, slows bacteria growth
- CBC** Inhibits cancer cell growth, promotes bone growth, relieves pain
- CBCa** Reduces inflammation, treats fungal infections

*"I'm sleeping through the night, the pain in my hip is gone and my blood pressure is lower:*

**Gary Dow** - Congers, NY

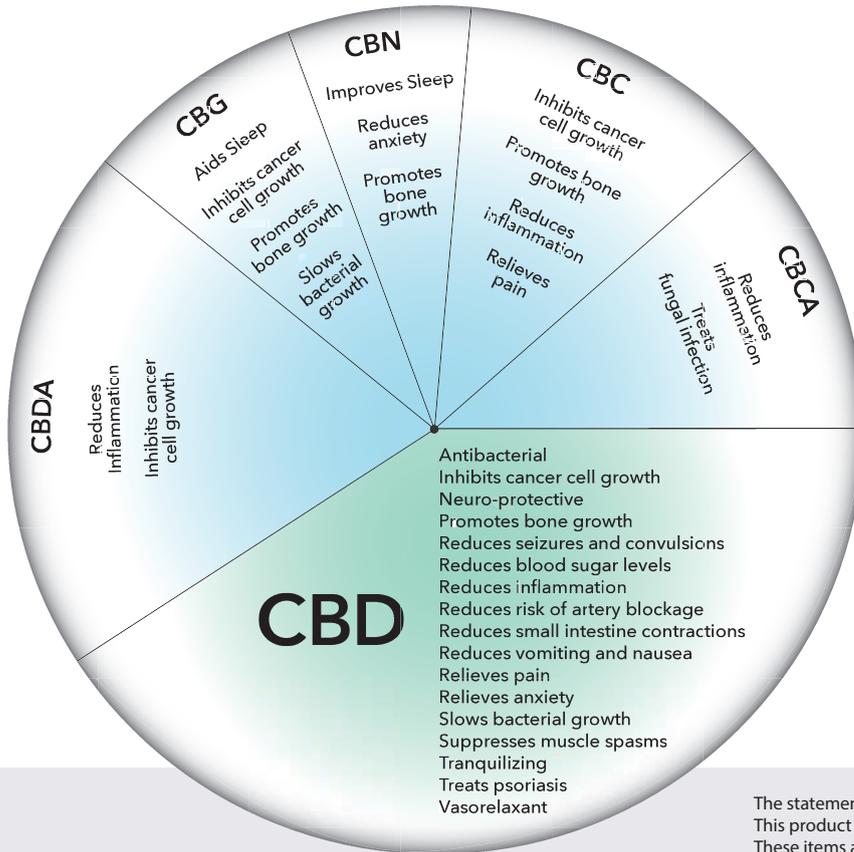

*"Not only is it helping my arthritis, but it also has a calming effect."*

**Dr. Feldman** - New York, NY

**90% of Dentists experience back, neck and hand pain. MARK3 CBD may help relieve these symptoms.**

## HOW CAN CBD HELP YOU?

- **Can Relieve Pain**  
Many studies suggest that cannabinoids could be a potent new class of "painkillers" for helping millions of people with chronic pain.
- **Could Reduce Anxiety and Depression**
- **Inflammation and Autoimmunity**  
It acts on the body's endocannabinoid system to reduce inflammation, balance the immune system and protects from oxidative stress.
- **Cannabidiol may help with Insomnia**  
Could help with sleep due to its relaxing, anxiety reducing effects.
- **Rheumatoid Arthritis**  
As natural anti-inflammatories and antioxidants, cannabinoids may provide relief of joint pain and swelling.
- **Reduce Seizures**
- **Can Alleviate Cancer-Related Symptoms**

CAUTION : Keep out of reach of children. If you are pregnant, nursing, have a medical condition, or are taking any medication, consult a health care professional before use.

## Bur Blocks

Autoclavable

#19996 Magnetic - 24 Holes

#19997 FG - 15 Holes

#19999 FG & RA - 30 Holes **1 per pack**

# CEMENTS

## Self Adhesive - Self Curing Permanent Resin Cement

### FEATURES & BENEFITS

- Multi-purpose permanent cement used for final cementation of crowns, bridges, veneers, implant prostheses, pins and posts
- Versatile solution to many luting indications
- High bond strength
- Insoluble in oral fluids
- Biocompatibility minimizes post-operative discomfort
- Minimal heat (= body temp.) during polymerization
- Non-Eugenol
- Made in USA

**#5380** Each box contains: 1 x 7 mL Automix Syringe plus 6 Mixing Tips

**#1427 Refill Tips** 30 tips per bag  
HP Short Mixing Tips, Blue, Tapered End

## Reinforced Z.O.E. Cement Intermediate Restorative Material

### FEATURES & BENEFITS

- Polymer reinforced zinc oxide/eugenol material good for temporary fillings or as a base
- Sedative qualities on hypersensitive pulp
- Abrasion resistant with good sealing properties
- 37 MPa compressive strength
- Made in USA

**#5370**

Each box contains: 1 x 50gm Powder, 1 x 15 mL Liquid, 1 Scoop and 1 Dropper

## Non-Eugenol

# Temporary Cement Automix Syringe

MARK3 Temporary Cement NE Automix is a non-eugenol temporary crown and bridge cement suitable for cementing temporary crowns or bridges as well as for trial cementing of permanent restorations.

## FEATURES & BENEFITS

- Excellent adhesion but easily removable
- Easy to use Automix syringes
- Non-Eugenol formulation does not influence setting of resin-based fillings and luting materials
- Good for those allergic to Eugenol
- Based on ZnO/organic acids (Zinc oxide cement)

#4125 2 x 5 mL (8.6gm) Automix Syringes 1:1 and 20 Mixing Tips

#1426 Refill Tips 30 tips per pack HP Short Mixing Tips, Brown, Tapered End

# CORE MATERIALS

## Dual Cure Flowable with Nano Technology Core Build-Up Automix Syringe

MARK3 Core Build-Up is a dual cure, high radiopaque flowable micro-hybrid composite material with nano particle (nano-zirconium, nano-calciumfluoride) for core build-up and cementation of posts.

### FEATURES & BENEFITS

- High Radiopacity
- Fluoride releasing
- Excellent flow properties and flowable consistency
- High compressive strength
- Contains Nano-zirconium oxide
- Good hardness

#5351 Shade Blue

#5352 Shade White

#5353 Shade A3

Each box contains: 2 x 5 mL (8.7gm) Automix Syringes 1:1,  
10 Mixing Tips and 10 Intra-Oral Tips

#1425 Refill Tips 30 tips per pack

HP Short Mixing Tips, Brown, Flat End with Intra-Oral Tips

# COSMETIC & RESTORATIVE

## 37% Phosphoric Acid Etchant Gel

### FEATURES & BENEFITS

- Optimum consistency, stays where placed
- Dark blue color creates a good contrast in the mouth
- Rinses completely and quickly
- Made in USA

#### #9090 Four Pack

4 x 1.2 mL Etch Syringes, 20 Pre-Bent Applicator Tips and Instructions

#### #9091 Bulk Pack

25 x 1.2 mL Etch Syringes, 50 Pre-Bent Applicator Tips and Instructions

#### #9092 Jumbo Pack

1 x 50 mL Etch Syringe, 4 - 1.2mL Empty Syringes, 50 Pre-Bent Applicator Tips and Instructions

## Infusor Tips

- Single use disposable tip
- Curved cannula for optimal entry
- Soft bristle end allows for nonevasive brushing of solutions
- Universal luer lock style hub with padded brush end
- Places hemostatic agents precisely
- Effectively removes superficial coagulum
- Blunt, bent cannula with padded brush enables gentle pressure on the sulcus
- Paramount for successful tissue management

**#8025** Pre-Bent - 19 Gauge **100 per pack**

## Pre-Bent Needle Tips

- Disposable, blunt-end for use with etchants, resins, flowable composites and sealants

- #2270** Pink Tips - 18 gauge
- #2280** Yellow Tips - 20 gauge
- #2290** Black Tips - 19 gauge

- #100-82002** Regular #2 **.002** Adult Wide (Broad)

### Unidose Capsules

# Universal Micro Hybrid Composite

#### FEATURES & BENEFITS

- Non sticky formula
- Good for anterior and posterior restorations, no need to buy enamel and dentin shades
- Light cured, radiopaque and color stable
- Minimal polymerization shrinkage
- Excellent marginal sealing
- Fast placement technique, easy to apply and sculpt
- High polishability
- High strength and wear resistance

#4881 Shade A1

#4883 Shade A3

#4882 Shade A2

#4884 Shade A3.5

Each pack contains: .315 gm each, 20/pack

### Disposable - One Step

# Finishing & Polishing System

#### FEATURES & BENEFITS

- Unique silicone rubber impregnated with aluminum oxide particles is 100% Latex Free
- Delivers perfect control to reduce surface roughness and bacterial retention
- Achieves superbly smooth finish and high gloss
- More durable and flexible than the leading brands
- Reinforced mandrel allows for optimal concentric torque
- A very cost-efficient single-step polishing system

#6340 Intro Kit - 10 x Points, 10 x Discs, 10 x Cups

#6341 30 x Cups

#6342 30 x Discs

#6343 30 x Points

# CROWN & BRIDGE

## 10:1 Automix

# Temporary Crown & Bridge

MARK3 Temporary Crown and Bridge material is strong and durable for short and long lasting provisionals. It has excellent mechanical and esthetic properties which makes it quick and easy to use.

## FEATURES & BENEFITS

- Exceptional strength and abrasion resistance
- Defined elastic phase for easy removal
- True color stable Vita shades with natural fluorescence
- Minimal heat (= body temp.) during polymerization
- Easy to polish to a long lasting luster
- Made in USA

#4101 Shade A1

#4102 Shade A2

#4103 Shade A3

Each box contains: 1 x 50 mL (75gm) Cartridge plus 10 Mixing Tips

**Dosage & Application Time**

Approx. 45 sec

Mixing Ratio - 10:1

**Set Time In Mouth**

Approx. 2-3 min

**Set Time**

Approx. 6-7 min

# CROWNS

## Polycarbonate Crowns

### FEATURES & BENEFITS

- Will not crack, split, shatter or chip
- Easily scissor trimmed, contoured, crimped and polished
- Thin design prevents gingival irritation
- May be cemented with any plastic, zinc oxide or orthophosphate cement

100 X 3cc luer-lock endo irrigation syringes packaged with  
100 X 1" bendable monoject style (notched) needle tips.

## Luer-Lock Endo Irrigation Syringes Non-Sterile

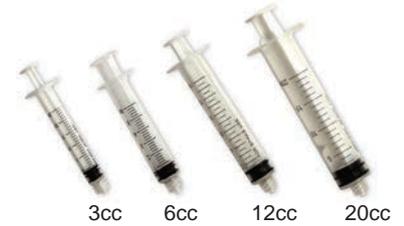

- Ideal for surgical site irrigation
- Compatible with all luer style needles and hubs
- Disposable, non-sterile

#5260 3cc **100 per box**

#5261 6cc **50 per box**

#5262 12cc **100 per box**

#5263 20cc **50 per box**

## Luer-Lock Endo Irrigation Needles Non-Sterile

- Bendable needle 1" monoject style (notched)
- Color coded for easy identification

#5250 23 gauge Blue Tip

#5251 27 gauge Yellow Tip

#5252 30 gauge Purple Tip

**100 per pack**

## Pulp Vitality

# Endo Refrigerant Spray

MARK3 Pulp Vitality Endo Refrigerant Spray stimulates the nerve endings to check pulp vitality.

### FEATURES & BENEFITS

- Much colder than ice or ethyl chloride
- Use with cotton pellets or micro applicators for accuracy
- Directional nozzle ensures easy placement
- Peppermint scented
- Made in USA

#5970 1 x 6 oz. Can of Refrigerant Spray Plus 1 Dispensing Tube

## Stainless Steel K-Files

### FEATURES & BENEFITS

- Flexible, strong and sharp instruments that resists fracture
- Made of the finest 18/8 stainless steel
- Manufactured with quality controlled machinery for precision
- Premounted silicon stops on each file
- Peanut shaped handles with ribbed texture provided tactile feel and a positive grip
- Safety eye is easily threaded for additional protection
- Colored handles provide ease of size recognition

## Antimicrobial

# 6% Sodium Hypochlorite Solution

## FEATURES & BENEFITS

- Most commonly used solution in root canal treatments
- Used as an irrigation solution, for debridement and as a canal disinfectant during and after instrumentation
- Contains highly effective antimicrobial properties
- Made in USA

#5974 17 fl. oz. (500 mL)

## With Surface Modifiers

# EDTA Solution 17%

## FEATURES & BENEFITS

- An effective calcium binding or chelating agent
- Used to facilitate instrumentation of root canals and for smear layers
- Decalcifies canal walls making it easier to enlarge and shape the canal with files and reamers
- Made in USA

#5971 4 fl. oz. (120 mL)

#5972 17 fl. oz. (500 mL)

# EVACUATION

## Disposable Surgical Aspirating Tips

### FEATURES & BENEFITS

- Angled 30 degree tip
- Smooth, rounded tip provides patient comfort
- Fits 11mm suction holders
- Made of rigid plastic for better cheek retraction and to sustain repeated autoclaving
- Autoclavable up to 135C or may be disposed of after single use

### 25 per bag

- #2599 Blue - Small 1/16"
- #2601 White - Regular 1/8"
- #2600 Green - Large 1/4"

## Disposable High Volume Evacuator Tips

### FEATURES & BENEFITS

- Vented and non-vented combination
- Softer end for patient comfort
- Engineered and tested for durability, stiffness and function
- Fits all standard HVE valves
- Latex free

### #2400 100 per bag

# EVACUATION

## Dental Unit

# Disposable Traps

### FEATURES & BENEFITS

- Designed to replace the existing trap in the evacuation unit
- Reduces hazard of cleaning infectious waste
- Save unpleasant time spent cleaning filters
- Improves the performance of the suction system

**#5500** 1 1/4"

Fits A-dec Cascade and Performer

**#5501** 2 1/8"

Fits A-dec (with black plastic containers), Ampco, Belmont, DCI, Forest, Marus, MDT, Schein

**#5503** 1 7/8"

Fits Ampco, Belmont, Biotec, Chayes, Dabi-Atlante, Dansereau, DCI, Den-Tal-Ez, Dentech, Forest, Knight, Pelton & Crane and others

**#5505** 3 3/4"

Pelton & Crane models 2500, 2510, 2238, 2338, 2802, 2812, 2800, 2810

**#5509** 1 1/2"

Fits DCI/Belmont Reality, System 6000

**#5512** 2 3/4"

A-dec 500 (2 3/4")

**#6100** Universal

Fits Most cuspidors, including A-dec, Ampco, Belmont, Dabi Atlante, Dansereau, DCI, Den-Tal-Ez, Forest, Knight, Marus

**#6200** Universal

Fits Siemens, Planmeca and other cuspidors with small openings

**144 per pack**

## Canister Type Evacuation Traps

### FEATURES & BENEFITS

- Totally disposable canister, lid, mesh filter and gasket
- Designed to replace the present canister and filter in your central vacuum pump

# IMPRESSION MATERIAL

## Vinyl Polysiloxane

# Bite Registration Material

MARK3 Bite Registration Material is mousse-like and fluffy. It boasts exceptional accuracy and plaster like hardness. It is extremely dependable with no slump consistency. Used for conventional bite registration, copying transfers, digital impressions and primary impressions with bite tray.

### FEATURES & BENEFITS

- Mousse-like consistency allows exceptional accuracy and greater patient comfort
- Easier to extrude - less force required
- Super Fast, Fast and Regular Set working times
- Made in USA

## Vinyl Polysiloxane Bite Registration Material

# MAX BITE

### FEATURES & BENEFITS

- Unique formula uses advanced molecules to create a very stiff; yet not brittle network that is hard yet flexible
- “Mousse-Like” void free consistency
- Higher final Shore A hardness of 85 and hardness is reached faster yielding a more accurate bite that won't distort during intraoral setting, upon removal, or at the lab
- Higher tear strength to withstand forces applied during removal and maintain integrity

# IMPRESSION MATERIAL

## Vinyl Polysiloxane • Super Hydrophilic VPS 380 Impression Material

### FEATURES & BENEFITS

- New delivery system provides an economic way to take accurate impressions. For use in any dynamic mixing machine
- Creates flawless, void free impressions in seconds
- Excellent dimensional stability decreases distortions
- No odor or irritation allowing greater patient comfort
- Pleasant mint flavor
- Made in USA

**#3025** Heavy Body Regular Set

**#3026** Monophase Regular Set

**Work Time** - 2.30 minutes    **Intra Oral Set Time** - 1 minute

*Kit contains:* 2 x 380 mL Cartridges per box

**#3027** Heavy Body Fast Set

**Work Time** - 1.30 minutes    **Intra Oral Set Time** - 1 minute

## Vinyl Polysiloxane VPS Putty

### FEATURES & BENEFITS

- Precise detail reproduction
- Good dimensional stability
- Fast and Regular Set working times
- Excellent elastic recovery
- Made in USA

#3004 Regular Set

**Work Time** - 2 minutes    **Set Time** - 4 minutes

#3005 Fast Set

**Work Time** - 1 minute    **Set Time** - 3 minutes

*Each box contains:*

300 mL each Base and Catalyst plus 2 Color-Coded Scoops and Instructions

## Vinyl Polysiloxane EZ Putty

### FEATURES & BENEFITS

- Kneadable very high viscosity material
- Excellent consistency
- Exceptional dimensional stability for accuracy
- Superior elastic properties (high elastic memory)
- Non-Sticky

#1160 Regular Set

**Work Time** - 2 minutes    **Set Time** - 4 minutes 30 Seconds

# IMPRESSION MATERIAL

## Impression Material Alginate

### FEATURES & BENEFITS

- Faster mixing time, saves you time
- Faster setting time, decreases chances of gag reflex
- Better tear and compression strength, resulting in less tearing or deformation
- Dust free
- More material, 500 grams compared to 450 grams
- 9 day dimensional stability

#9020 500g (1.1 lbs.)

#9019 Scoop and cup

**Mixing Time** - 30 seconds

**Working Time** - 1

**Time in Mouth** - approx. 1 minute

**Total Setting Time** - 2.30 minutes

## Vinyl Polysiloxane Alginate Alternative

### FEATURES & BENEFITS

Used for dental impressions, orthodontic models, case study model impressions, opposing models, removable retainers and splints, simple removable dentures, provisional crown & bridge.

- Pre-mixed cartridges. No mess - Saves time
- Excellent dimensional stability decreases distortions
- Pleasant mint flavor
- Cost effective alternative
- Made in USA

#9010 Fast Set

**Work Time** - 1 minute **Intra Oral Set Time** - 1 minute

*Each box contains:*

8 x 50 mL Cartridges per box

## Temporary Crown & Bridge Mixing Tips

# PREVENTATIVES

## 1.23% Fluoride

# APF Thixotropic Gel

MARK3 APF Fluoride Gel is a professional topical application as a fluoride treatment to aid in the protection against caries.

## FEATURES & BENEFITS

- Superior viscosity making it a true thixotropic gel
- Exceptional flavoring, no bitter aftertaste
- Contains Xylitol - a proven anti-caries ingredient
- Also contains Vitamin E which helps with sensitivity
- 1 to 4 minute treatments
- Low pH formula
- Made in USA

#1611 Cherry

#1614 Strawberry

#1612 Mint

#1615 Grape

#1613 Bubble Gum

#1617 Neutral pH Vanilla

**17 oz. bottle**

## Dual Arch Fluoride Trays

#8821 Small - Yellow

#8822 Medium - White

#8823 Large - Blue

**100 per pack**

## PREVENTATIVES

### Non-Splatter Formula

# Prophylaxis Paste

MARK3 Prophy Paste features a nonsplatter formula that contains 1.23% acidulated phosphate sodium fluoride with a unique blend of cleaning and polishing agents.

### FEATURES & BENEFITS

- Maximizes stain removal
- Minimizes enamel loss and helps maintain an effective fluoride level
- Strengthens tooth enamel and prevents dental caries
- Disposable cups eliminate cross contamination
- Non-Splatter formula
- Great flavor with no bitter aftertaste
- Contains Xylitol
- Easy to remove
- Made in USA

**200 per box** Each box includes a prophy ring for ease of application

#1619 Extra Coarse - Mint

#1623 Coarse - Mint

#1620 Coarse - Assorted

#1630 Medium - Assorted

#1621 Course- Bubble Gum

#1633 Medium - Mint

#1622 Coarse - Cherry

#1640 Fine - Bubble Gum

## Disposable Prophy Angles

Patented 2nd generation prophy angle ensures each prophy procedure only requires one angle to finish. The beveled gear design assures quality and performance.

### FEATURES & BENEFITS

- Smooth running and no overheating
- Ergonomic grips reduce potential hand fatigue
- 100% latex-free cups
- Less splatter

**100 per box**

**#247-100** Soft

**#248-100** Firm

**144 per box**

**#247-144** Soft

**#248-144** Firm

**500 per box**

**#247-500** Soft

**#248-500** Firm

## Disposable Latch Type Prophy Cups

### FEATURES & BENEFITS

- Premium quality prophy cups that minimize chatter and heat build up
- 100% latex free
- Designed for maximum delivery of prophylaxis paste to the tooth surface
- Minimum splatter

**144 per box**

**#442144** Latch Type

## PREVENTATIVES

### 5% Sodium Fluoride with TCP Varnish

MARK3 Varnish with 5% Sodium Fluoride is a fast and easy fluoride treatment that contains Tri-Calcium Phosphate which is known to help remineralize teeth.

#### FEATURES & BENEFITS

- Treats dentin hypersensitivity
- Dries to natural enamel color
- Contains Xylitol for caries prevention
- Fast and easy to apply
- Made in USA

#7100 Bubble Gum #7102 Caramel

#7101 Spearmint

*Each box contains:*

50 Unit-dose packages, each containing 0.4ml varnish and 1 applicator brush

Light Cure

# Pit & Fissure Sealant

MARK3 Pit & Fissure Sealant provides excellent marginal seal for pits and fissures on teeth showing no decay lesions. Low water absorption assures resistance to staining and durability in the oral environment.

## FEATURES & BENEFITS

- Does not contain Bisphenol A, Bis-GMA and Bis-DMA
- Hard setting and wear resistant
- Ideal flowable viscosity for maximum coverage and protection
- Fluoride releasing
- Made in USA

#4540 Opaque

*Each package contains:*

3 x 1.5gm Pit & Fissure Sealant Syringes, 1 x 1.2 mL Etchant Gel Syringe, 20 tips

## Intraoral Phosphor Imaging Plates

### FEATURES & BENEFITS

- Increased compliance and patient comfort
- Clear, high quality images in seconds
- Thin, flexible, easy to position
- Surface is 100% usable
- Reusable up to 3000 times
- Increased patient comfort

*These Direct Replacement Imaging Plates are compatible with the following units:*

Air Tech-ScanX, Acteon PSPX, Apixia PSP, DenOptix, Durr Vista Scan, Gendex and Owandy

#7780 Size 0 - **2/pk**

#7781 Size 1 - **2/pk**

#7782 Size 2 - **4/pk**

#7783 Size 3 - **2/pk**

#7784 Size 4 - **1/pk**

## Disposable Bite Blocks

### FEATURES & BENEFITS

- Designed to replace the permanent bite block found on panoramic x-ray machines
- Unit dose package. When opened in front of patient, assures that the block has not been used previously

## Bite Wing Tabs [Self Adhesive](#)

- Self-adhesive tabs attach to adult and children's X-ray films
- Holds securely for accurate, distortion-free bite wing radiographs

#0500 **500 per box**

## X-Ray Film Mounts [Universal Roll](#)

- Clear vinyl pocket film mounts are easy to handle and allows for a quick glance over X-ray
- Universal X-ray film mounts are packaged into rolls, perforated, and have a white strip for film records
- Dispensed through an opening in the box

#1249 **1000 per box**

## Digital X-Ray Sensor Sleeves

- Custom-fitted without baggy or wrinkled plastics for clear viewing and placement
- Made of soft plastic with no sharp edges for maximum patient comfort
- 100% Latex-Free

#7798 #1 - 1<sup>3</sup>/<sub>8</sub>" x 8"

#7799 #2 - 1<sup>5</sup>/<sub>8</sub>" x 8"

**500 per box**

## X-Ray Sleeves

- Reduces the risk of cross contamination caused by airborne aerosols, splash and splatter
- Will not adversely affect X-ray performance

#2106 15" x 26" - Clear

**250 sleeves per box**

## MISCELLANEOUS

### Pressure Indicator Paste

- When fitting and adjusting dentures, use to identify high spots

- Made in the USA

#1200 2.25 oz jar

### Eugenol

- Used with zinc oxide as temporary cement.
- Effective analgesic antiseptic for irritated pulp
- Made in the USA

#1310 4 oz bottle

### Mandrels

- Pop-on, right angle mandrels for low speed

#1983RA 3 per pack

### HEMA Dentin Desensitizer

- Contains benzalkonium chloride, HEMA and fluoride as an added source of Fluoride ion
- Superior relief from sensitivity
- Improves bonding strength when used as a wetting agent
- Benzalkonium chloride adds anti-microbial properties to help kill bacteria
- Does NOT contain glutaraldehyde, a strong, toxic irritant
- Made in USA

#4500 10 mL bottle

### Hemostat

- Buffered aluminum chloride - epinephrine free hemostatic solution
- Effectively stops gingival bleeding
- Made in USA

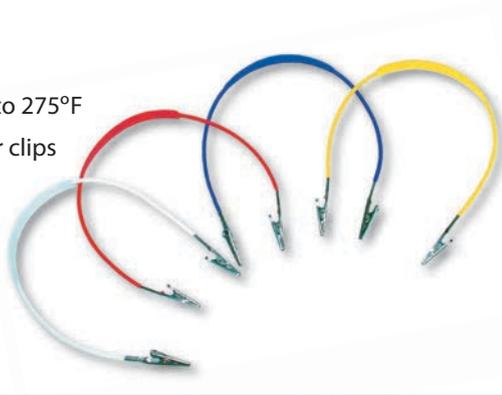

#3899 30cc bottle

## Bib Holders Autoclavable Silicone

- Non-Slip design
- Medical grade silicone
- Fully autoclavable up to 275°F
- Stainless steel alligator clips

**#090W** White  
**#090Y** Yellow  
**#090R** Red  
**1 per pack**

## Brush Tips

- Regular angled tips
- #2613 100 per pack**

## Mixing Pads

- Tear-off, disposable coated sheets allow for easy hand-mixing of dental materials.

**#8584** 3" x 3"  
**#8587** 6" x 6"  
**100 sheets per pad**

## Mixing Wells

- Made from a high molecular weight polymer
- Compatible with all dental materials
- Easy to pick up
- Perforated sheets for convenient handling and storage

**#0002** 2 Well  
**#0004** 4 Well  
**200 per pack**

## Mixing Bowls

- Flexible silicone mixing bowls
- Autoclavable up to 275°F

**#1520** Extra Small - 160ml  
**#1521** Small - 320ml  
**#1522** Medium - 500ml  
**#1523** Large - 700ml  
**1 per pack**

# What Dentists Are Saying

“I switched from Kerr Extrude to MARK3 VPS. Not only did I save money, the quality of the MARK3 Impression Material is better.”

***Dr. Rafael Caniza***

Piermont Dental Care  
Nyack, New York

“I just placed our first order for our Columbus office and we saved \$210.02 (51%)!!! I attached what would've been a competitors order so you can see the breakdown. I'm looking forward to our next call!”

***Jake Skelton*** - Director of Operations

The Bachman Group, P.C.  
Bachman Family Dentistry  
Greenwood, Indiana

“I have used many different prophylaxis angles in my experience as a dentist. The MARK3 prophylaxis angles stack up to any of the name brands and cost me significantly less money.”

***Dr. Richard Coccheri***

11 North Airmont Road  
Suffern, New York
